Building Strong Relationships Between You and Your Baby

Why should you enroll in Healthy Families?

- Because your relationship with your baby is the most important thing in your child's life
- Because parenting is a demanding job and all parents have stressors, concerns and questions about parenting
- Because infants begin learning at birth and you are your child's first and most important teacher

Yes, I am interested in learning more about the Healthy Families program. I am either pregnant or have an infant under the age of 3 months. I understand that participation in this program is voluntary.
